ABOUT THE UGANDA UK HEALTH ALLIANCE

About

- A collaboration between **Ministry of Health Uganda** and the **National Health Service (NHS)** established to provide coordination support to **UK derived global health programs in the Health Sector**
- It fosters and supports over 100 global health partnerships between Uganda and the UK

Programs:

- Health Research and Innovation
- Human Resources for Health
- Health Investment and Finance

OPERATIONAL MODEL

Consortium Model

- UK institutions implementing the projects in the same area of focus are coordinated to avoid duplication of efforts and promote joint working
- Activities are aligned to priorities of Uganda
- Partnerships equitably distributed across the country
